CIRCUIT COURT FINISHES HERE THIS AFTERNOON

Convenes In Pineville on June 28 for Special Term.

TRY CHENOA CASES

Grant Sowders Given 6 Months This Morning In Court For Resisting An Officer.

Circuit court finished its work here this afternoon. A number of minor cases were tried during the week and the work of the grand jury was complimented highly by the Commonwealth attorney.

Court will convent for a three weeks' special session at Pineville on July 28. This term will be mainly for the trial of criminal cases against persons residing in the vicinity of Chenoa, Four Mile and South America who heretofore have been difficult to bring into court. The cases have been on the docket for some time and it is thought that they may be worked off by the special term.

The case of Grant Sowders, charged with resisting an officer, occupied most of the morning session. It appeared from the evidenet that John Pratt, a deputy sheriff, went to the home of the defendant to bring him into court for a pistol case. Sowders drew a gun on the officer and then ran from him. Capt. B. B. Golden, in prosecuting the case reminded the jury that they could fix a punishment of from one day to twenty-one years in the penitentiary or a fine of one cent to $10,000 or both. The jury fixed Sowders' punishment at six months imprisonment.

Levi Dees and Noah Turner submitted to a charge of housebreaking and their punishment was set at one year in the state reformatory. B. F. Kelly, charged with a graver offense of housebreaking received a sentence of five years.

Boy Sees Every Thing Backwards, Mirrored Vision

An unusual case of mirrored vision has been discovered at the Miller School, at Fairmont, West Va. Sam Tiana sees backward, writes from the right to the left of the paper, reads backwards and even sees things coming toward him that are really going away from him. Only five similar cases have ever been found.

Instinct has taught Tiana to take care of himself. When he is crossing a street he realizes that a car which seems to be going away from him is coming toward him. He waits until it passes. When he sees steps that seem to be going up, he steps down, or walks around. There is no cure for the abnormal condition, but it is thought that the child can be trained to read and write correctly. He has the ability to copy writing exactly but when left to himself writes from the wrong side of the paper. It is not thought that his mental condition is abnormal aside from the trouble with his eyes.—Exchange.

Special Train of Inspection Wednesday

A special train, carrying the private car of Superintendent O. B. Hollingsworth and a number of coal men made an inspection trip over the Cumberland Valley Division on Wednesday. The train was under the direction of Trainmaster Fred Neighbors.

ECONOMETER CO. TO HANDS OF RECEIVER

Gas Saver and Period Timer For Fords Too Expensive to Make.

Associated Press.

NEWARK, N. J., June 21.—The Econometer Manufacturing Co., which placed on the market a gasoline saving device and period timer for Ford automobiles, invented by Thomas Edison, Jr., son of the electrical wizard, went into the hands of the receiver today. The high cost of manufacturing the product was responsible, according to the petition.

Admits Setting Fire In Which Twenty-four Lost Their Lives

LOS ANGELES, Calif., June 21.—Because she wanted the girl inmates of the Hope development school at Plaza del Rey, near here, to be free so "they could have a good time like other girls," one of the inmates, 14 years old, set fire to the building May 31, resulting in the loss of 24 lives. This announcement was made by District Attorney Asa Keyes.

The girl was a former inmate of the home, a school for subnormal children, and came to his office voluntarily with the announcement that she "had something to say," Keyes said.

Her name is Josephine Bertholme and she now is an inmate of the juvenile home here, Keyes said.

The girl said she touched a match to a pile of kindling wood in the basement, Keyes announced.

"I don't like the school and I decided to burn it down so all the girls could go home," the girl's statement read, it was announced.

"I didn't mean to kill anybody. I just wanted all the girls to be free so they could have a good time like other girls."

Had Match Hidden in Room

went to bed on the night of the fire and after she heard the matrons go to their rooms, she slipped on a kimona and went to the kitchen in search of a match.

"I couldn't find the match," the statement said, "so I went back to my room. I remembered I had a broken match hidden in one of my boxes and I found it and again went downstairs."

Her statement told how she pulled out a sack of kindling wood, placed it under the rafters and set fire to it. She returned to her room, she said and got into bed and was thinking of her plan to free the other girls when she heard the matron scream:

"The building's on fire; come children; come with me."

Among the dead were Mrs. Drew Thomas, 48, matron of the school, who sacrificed her life in a vain attempt to lead her girl charges from the building, and Wilfred Ringer, 14, adopted son of Mrs. Mary Jacobs, operator of the school. The others were sub-normal boy and girl inmates of the school.

Building Was Firetrap

The school was an old frame structure of three stories and the state board of charities and Corrections had refused to continue its endowment on the ground that it was a fire trap. It formerly was used as a cafe when Plaza del Rey was a beach resort.

Because of her mental condition, there is no probability that the girl will be subjected to punishment.

PLANE IS DAMAGED

Round-the-World Fliers Held Up By Accident In India.

By Associated Press.

RANGOON, British India, June 21.—A cargo boat last night collided with one of the planes of the American around the world fliers, damaging its wings seriously. It is hoped that the plane repairs may be finished by Monday when it is planned to continue the flight.

LAW VIOLATOR IS SPIRITED AWAY

Salvation Army Impersonator, Held Here, Makes Getaway to Nearby State.

Justice was defeated here this week when Robert Baxter, charged at Maysville with obtaining money under false pretenses, was spirited away into an adjoining state and out of the jurisdiction of the warrant.

Baxter was arrested here several days ago when he was reported to be impersonating a Salvation army officer. It is said that he had been in the habit of collecting funds in the name of the Salvation Army at other places, presumably for another organization somewhat similar in character to the Salvation Army. The chief of police at Maysville came here to take the prisoner to his town but the bird had flown.

A man who was said to be acting as Baxter's attorney is supposed to have manipulated his escape into an adjoining state. The Salvation Army headquarters is assisting the Commonwealth in prosecuting the case and every effort will be made to have Baxter apprehended.

MOVE THREE HELD IN BANK ROBBERY

Men Indicted for Clintonville Crime to Paris on Change of Venue.

By Associated Press.

LEXINGTON, June 21.—Robert Mullen, George Farrel and Elmer Hall of Newport, indicted in connection with the attempted robbery of the Clintonville Farmers' Bank and the slaying of Frank Buchanan were taken from here to Paris today on change of venue. Arguments are pending in Bourbon County Circuit Court, officers said.

Japanese Navy Drops 7,330 Arsenal Workers

TOKIO, June 21.—The Navy department announces that it will discharge 7,330 workers from its arsenals during the next month as part of its retrenchment program. Nearly half these men will be taken over by private shipbuilders. An effort is being made to induce some of these to join the growing stream of emigration to South America.

DENIES UNION MEN HAVE GONE BACK

Miners' President Declares Ranks of West Kentucky Strikers Firm.

Associated Press.

CENTRAL CITY, June 21.—Not a coal mine in the Madisonville and Earlington fields was operating this morning, President Lonnie Jackson of District No. 23 stated yesterday.

Less than fifty men were at the eight or ten mines operated by the St. Bernard Coal company, he further stated, on reports which he said were reliable. Of this number not more than ten men were union miners, the rest being a few nonunion men and bosses under control of the coal operators.

"Our men are standing solid against violating their union obligation," Mr. Jackson stated. "They are fighting for their principles and from reports over the entire district, from trusted agents I know there is not a break in the ranks of the union miners. Two men who had started to work yesterday refused to go with the men today. Most of the men about the mines are maintenance men, keeping the water out of the mines and doing such work as will preserve the mines from damaging by natural causes."

Family Sees Man Sink to Death in Quicksand

Associated Press.

WILKES-BARRE, Pa., June 21.—While his wife and children looked on helplessly, rescuers tried in vain to save Anthony Antanartis as he sank slowly in quicksand in the rear of his home at Swoyersville, three miles from here.

For two hours neighbors with shovels kept pace with him as his body was drawn into the sand. The best they could do was to kep his head free. As fast as the sand was taken out he would sink lower. Finally the quicksand covered his head, smothering him. Rescuers sank a wooden barricade around his body and it was removed. Physicians stoodly ready with pulmotors but they could do nothing.

Display Tournament Honors

Pennants and ribbons of honor won by Middlesboro High School boys in Southeastern Kentucky tournament at Pineville are on display in the Smith drug store window.

POSTPONE STRIKE STREET CAR MEN

Temporary Restraining Order Keeps 2500 on Job In Cleveland While Longer.

Associated Press.

CLEVELAND, June 21.—The threatened strike of 2500 street railway employes tonight was postponed by issuance of a temporary restraining order. The common pleas court granted the request of the employes to prevent the company from interfering with the existing contract.

RHODE ISLAND BUSINESS MEN COME TO RESCUE

Deadlocking of State Senate Seen As "Deplorable."

MEETING TODAY

Committee Named to Confer With Political Parties—Say Good Name of State Is Menaced.

By Associated Press.

PROVIDENCE, R. I., June 21.—With the purpose of ending what has been described as a deplorable situation created by the deadlocking of the state senate, thirty civic and business organizations of the state were represented at a meeting called today by the Providence Chamber of Commerce. A committee was named to confer with political parties in the state with a view to restoring harmony. Conditions have been getting worse and the state's good name is being menaced, speakers declared.

All was quiet in the state house today, the democratic minority having declared a recess until Tuesday.

SACKETT OPPOSES JUDGE BETHURUM

Candidate for Republican Nomination for Senate Recently Here States Starts Campaign Monday.

LOUISVILLE, June 21.—Fred M. Sackett is in the field as a candidate for the Republican nomination for United States Senator from Kentucky. He filed his papers Thursday night at Frankfort with Mrs. Emma Guy Cromwell, Secretary of State. He opposes Judge B. J. Bethurum of Mount Vernon, who Wednesday said he will not withdraw.

Before the meeting of the Republican State Central Committee here several weeks ago, when a primary was selected as the means of choosing a nominee for United States Senator, Mr. Sackett said he would not make a fight for the nomination, but would accept it if offered to him.

Judge Bethurum, will open his campaign with a speech at Mt. Vernon Monday. Charles Finley, Congressman Robsion and Walter N. Flippin, Mr. Robsion's opponent, also will speak Monday.

BOY KILLED IN MELDRUM MINE

Slate Fall This Morning Breaks Neck and Legs of Young Holman.

Joe Holman, age about 16, was instantly killed by slate fall in the mines of the Fidelity Coal and Coke company at Meldrum at 10:30 o'clock this morning.

A huge rock weighing several hundred pounds fell on the boy, breaking his neck and legs. He was dead when other workers of the mine reached him. After the accident the body was removed to his home at Meldrum. Funeral arrangements have not been announced.

Young Holman, according to information obtained from the mine office, had been working in the mines about six months with his father.

John Mosley Burned By Live Wire Today

John Mosley, local painter, was injured by contact with an electric wire at the Kentucky Utilities company ice plant at 8 o'clock this morning. He left the hospital at 1 o'clock this afternoon, having almost entirely recovered from the injury.

He was doing some painting at the side and near the top of the ice plant. Accidentally coming in contact with the wire he suffered a shock. He was able to walk down the ladder after the accident.

Big Ben Blues In Harrogate.

The Big Ben Blues went to Harrogate this afternoon to again match their skill on the diamond with that of the Claiborne boys. The game was called for 3 o'clock.

Louisville Live Stock

By Associated Press.

Cattle, 100, closing slow, unchanged; hogs, 800, steady to ten lower; sheep, 1,200, steady, unchanged.

West End Property Owners Again Seek Street Injunction

Injunctions are again looming on the western horizon and threaten to become a reality if the city accepts certain sections of newly made streets which property owners claim are not what they should be.

Forming in almost solid array to meet the city commission on its inspection trip to West Cumberland and Petersboro avenue this morning, residents of these streets, represented by an attorney, presented a lengthy instrument protesting an acceptance of the street.

Twelve protests are enumerated in the claim which was filed with the city. Among these are the contentions that expansion blocks were not made in the curbs as provided by the specifications; that the gutters do not contain the proper slope; that some places in the asphalt paving are uneven; that the contractors failed to paint the concrete base before applying the asphalt suffade.

Attorney William Lowe, of Pineville, is representing the property owners. Nearly all the property owners of the section were on the ground though A. C. Carr, Craig Ralston and P. T. Colgan perhaps played the leading roles in the opposition.

Action on the acceptance or rejection of the streets has been deferred by the city officials until their regular meeting Monday morning. The property owners will appear before the commission and make a formal protest against acception until the alleged defects have been remedied. Just what stand the commission will take is problematical.

EX-SERVICE MEN PLAN FOR FOURTH

Committee Appointed for Plans—Sale of Tickets for Sports Begins—Meeting Full of Pep.

Plans for the ex-service men's part of the big Fourth of July celebration were announced at the rally at the city hall last night and committees for the various phases of the work were appointed.

L. D. Rouser, general chairman of the work, urged the men to liberally support the sport features of the program by buying a ticket and helping get others interested. Jimmy Smith announced the coming match between Toro and Wilson, the lightweight bout between Perkins and Darcy and the baseball game, all of which may be enjoyed for one admission fee. A committee of five men were appointed to sell the tickets and a number were sold last night.

Mr. Rouser announced the plans for the army kitchen, infirmary, guardhouse, fire-works and other numbers on the ex-service men's program. All former service men will be given an over-sea cap made of red, white and blue crepe paper, he announced. "Slum" and other items of nourishment which form the daily ration of the soldier will be served free of charge to all ex-service men who are in Middlesboro on the Fourth.

Booster trips will be made to nearby towns advising former soldiers of the ex-service men's program. Speakers will be accompanied by an orchestra and big rallies will be held in the most public place of each town in this section on evenings between this and the Fouth.

The meeting was well attended last night, about fifty men being present. Some pep was injected into the meeting by the singing of some favorite army songs.

French Aviator Teaching Japanese Squadron

TOKIO, June 21.—Georges Barbot, French flying wizard, until recently holder of the world's endurance record for glider flying, has arrived in Japan to demonstrate for the army the most recent advances in aviation. He is to be attached to one of the army's largest airplane production centres to teach Janpanese builders the latest principles of airplane construction.

Barbot brought with him two planes, one the tiny "avionette," carrying a 12-horsepower Salmson engine, with which he flew across the English Channel recently. The other machine is a 300-horsepower Hispano Suizo, which may become a model for new Japanese fighting planes.

Week's Weather Forecast

By Associated Press.

WASHINGTON, June 21.—Weather outlook for week: Partly cloudy, occasional local thunderstorms, temperature near normal most of week.

FRANK M'DOWELL GETS LIFE TERM

Youth Who Slew Four Members of Family Will Not Get New Trial.

Associated Press.

CLEARWATER, Fla., June 21.—Frank McDowell, confessed slayer of four members of his family, was convicted yesterday of murder of his mother and recommened to the mercy of the court, today was sentenced to life imprisonment. Motion for new trial was overruled.

FRIEND OF LINCOLN DIES

C. J. Cox, Illinois Pioneer, Father Mrs. F. A. Vanderlip.

By Associated Press.

ELIZABETH, N. J., June 21.—Charles Jefferson Cox, father of Mrs. Frank A. Vanderlip, one of the pioneers of Illinois and intimate friend of Abraham Lincoln died last night at the home of his daughter, Mrs. Waldo Adams. Cox was 90 years old. He secured the first congressional appropriation for improvement of the Mississippi river sixty years ago.

MRS. MASON IS GOLF CHAMPION

Retains Title Another Year—Mrs. Scales Makes Good Showing.

Associated Press.

LEXINGTON, June 21.—Mrs. E. D. Mason of Louisville retained the title of woman golf champion of Kentucky, defeating Mrs. George Land of Hopkinsville three up and one to play today.

Mrs. F. P. Scales of this city is holding her own in the woman's state golf tournament being held in Lexington this week. She placed in the second flight and in the first play there won over her opponent 8 to 1. Final outcome of the tournament has not yet been reported here.

Mrs. E. D. Mason of Louisville, present title-holder, Mrs. E. B. Bourlier of Louisville, Mrs. George Land of Hopkinsville and Mrs. Frazier LeBus of Lexington placed in the first flight and one of the four will win the title.

Killed By Train On Way for Doctor

HARLAN, June 21.—Fred Bayes, aged 30 years, was struck and instantly killed by a passenger train at Kildav, seven miles from Harlan Wednesday afternoon. Bayes was on the way to secure a doctor to attend a fellow miner who had been injured when the fatal accident occured.

Mrs. Bayes was shopping in Harlan at the time of the accident and did not know of her husband's death until she reached home.

BUTLER CONSULTS PARTY LEADERS

Confers With Mrs. Hert, Lunches With Coolidge In Washington Today.

Associated Press.

WASHINGTON, June 21.—William Butler, chairman of the Republican National Committee, arrived in Washington today to plan the campaign with President Coolidge and party leaders. He conferred with Mrs. A. T. Hert, national committeewoman from Kentucky, and lunched with the president.

Considers Modern Ways

By Associated Press.

DUBLIN, June 21.—The city-manager plan used in the administration of a number of American cities is advocated by some people for Dublin, now that the Dublin Corporation has been dissolved by President Cosgrave. There is general public approval of the step taken by the government, which has entrusted city affairs to three commissioners.

MANY DEATHS FROM STORMS, HEAT REPORTED

Another Hot Wave Is Scheduled For Tomorrow.

MIDDLE WEST HIT

Five Dead In Illinois, 17 In Ohio —Property Loss Is Near $3,000,000—Big Wind In Wisconsin.

By Associated Press.

CHICAGO, June 21.—Another heat wave, a redevelopment of the one just broken and which resulted in storms taking more than a score of lives, will overspread the middle western states tomorrow, the district forecaster announced here today. Property damage upwards to three million resulted yesterday in the Mississippi and Ohio valleys from the hot wave storm. Five deaths in Illinois and seventeen in Ohio were primarily due to the heat. Property loss of nearly two millions resulted in Racine County, Wisconsin, when a wind storm struck the district. A portion of the heat wave also struck the Pacific coast but no fatalities resulted.

Chicago suffered comparative little from sudden thunderstorms which put an end to a heat wave that threatened to equal Thursday's record of 94. The thermometer had climbed to 85 at 3 o'clock when the thunderstorm put an end to the hot weather temporarily. One bathing beach fatality was recorded here.

Northern Illinois and Southeastern Wisconsin suffered most from the wind, hail and rain. A storm in Ogle and Winnebago counties, Illinois, caused damage of more than $1,000,000 and farm property in the vicinity of Racine, Wis., was damaged to half that amount. From Northern Indiana came reports of heavy losses due to heavy rains and winds.

Longest Day of Year Also One of the Hottest

In addition to being Saturday, June 21, pay-day for most workers and a half-holiday for a few, this is the longest day in the year.

Though the weather that has been prevalent for several days has borne all the ear-marks of summer, astronomers inform perspiring humanity that this day marks the real beginning of summer. This is the Summer Solstic.

There is really nothing mysterious or difficult of understanding about this. It is merely the point in the ecliptic at which the sun is farthest from the equator, first point of the sign Cancer when the sun apparently stops in its northward motion.

The passing of the solstitial point was, as usual, preceded by a storm last night which slightly cooled the atmosphere, bringing the temperature down slightly below the blistering point.

The term, "longest day" is somewhat a misnomer as this day, like all others, contains only twenty-four hours. In point of sunlight, however, June 21 surpasses all others, fourteen hours and thirty-six minutes of Sol's rays being promised today.

Flight Around England

LONDON, June 21.—The King's cup air race of 1,000 miles round Great Britain and Scotland will this year be open to seaplanes as well as airplanes, and will be flown in one day instead of two, as heretofore. The race probably will start on the south coast, and at each stopping point there will be a land airdrome and an adjoining water drome.

PERSHING HEADS INSPECTION TOUR

Commission Will Look After Cemeteries for American Soldiers.

By Associated Press.

LONDON, June 21.—General Pershing arrived in London today on head of the battle monuments commission inspecting cemeteries of American soldiers in France. The commission plans inspection of American graves in Brookwood cemetery near here in the first part of their official

EYES ON THE NEW YORK CONVENTION.

Due to the fact that there are many entries and few favorites in the Democratic national convention, there will be much interest in watching the convention at Madison Square Garden this week. In a recent editorial the Kansas City Star wonders what effect the Republican convention will have on the Democrats. The Star says that the first party to meet has the advantage of profiting by all the mistakes of the first convention and that now the Democrats can either nominate a conservative ticket as the other party did or they can make a move to get the dissatisfied members of the Republican aggregation by nominating a very progressive ticket. The editorial follows:

"Interest in the prospective free-for-all Democratic convention is quickened by the results of the Republican action. Speculation as to the outcome in New York may undergo change as a result of what has been done in Cleveland. It always has been the hope of the party holding the second convention to profit by anything that may be construed as the mistakes of the other party in naming its ticket or making a platform.

"The Republican ticket and platform are distinctly conservative. The convention was a business convention. Little or nothing was done for political expediency only. There was no conspicuous concessions. There was not the extravagant pretense often indulged in in times past.

"What will be the policy of the Democratic party—to meet this situation on common ground, with a conservative business ticket and a similar platform, or a ticket and platform designed to hit where the Republicans may have missed?

'Upon this question may turn the nominations for president and vice-president. Doubtless the backers of the numerous candidates are figuring that the Republicans have helped their respective favorits.

"Manwhile the New York convention continues to command exceptional interest. No candidate yet is in a commanding position. No one can foretell the final action of the delegates. Compared with the ratification meeting at Cleveland, it should be a highly exciting event. And that is what it is expected to be."

Isn't it funny who will put on a bathing suit?

HEALTHY NEEDS FOR KENTUCKY

The Consumers' League of Kentucky has set forth the following as the outstanding health needs of the state:

Guarded machinery.

Good ventilation and exhausts to remove dust, gases, fumes.

Adequate lights, properly shielded.

Sanitary bubblers or individual drinking cups.

Clean washing facilities, including soap and individual towels.

Clean toilets for women, separate from those of men.

Proper seats for women workers.

Rest rooms for women.

Adequate provision for care of outdoor clothing.

Lunch rooms away from toilets and workrooms.

Care to prevent strain and fatigue.

In a letter to Dr. Brady, whose personal health service appears daily in The Herald, a Louisville worker described a deplorable and entirely preventable condition:

"In my work I inhale the fumes of wood alcohol, and my hands are soaked with it for about six hours. I have chronic catarrh. Will this be injurious to me?"

"Answer—Wood alcohol fumes inhaled daily are likely to cause headaches, nausea, ringing in the ears, insomnia, nose and throat inflammation (which is perhaps your catarrh), sore eyes, and serious damage to the retina or optic nerve, resulting in blindness. Very efficient exhaust or blower ventilation equipment should be provided to protect a worker so exposed."

Legislation, plant hygiene and social service work are growing, but still the toll is growing annually from disease and accidents in industry. The responsibility should not be forgotten by employers, and the consumers of this state, in urging better conditions, do a noble work.

Conditions which chase away disease and accidents due to industry, will only come when public opinion calls a halt to the increasing toll.—Lexington Herald.

Mexico will have an election soon if she doesn't run out of ammunition.

Germany is still promising to pay. If promises were money Germany would have some change coming.

Many blushing June brides are back from their honeymoon already and blushing over a hot stove.

Prince Viggo, of Denmark, got married, and we just happened to notice he sounds like a spring tonic.

More trouble in the Jap cabinet. We are not worrying about the yellow peril as much as they are about the white peril.

Two boys killed another boy in Chicago and got their picture in the paper as much as a presidential nominee.

Crops may be a little late this year, due to election arguments and the fact that freight trains are getting longer.

New York bootlegger bought an apartment house. It doesn't matter, but most apartments seem to be named by a drunk.

Proposed Soviet calendar would make the week have only five days. This would be fine. Paydays would come more often.

Well, Coolidge has signed a bill to protect Alaska salmon so boarders will have something to eat for years and years.

EWING NOTES

Mr. and Mrs. A. L. Witt and family motored from Big Stone Gap on business Thursday.

Miss Anna Mae Harris is the guest of relatives at Shawanee this week.

Mr. and Mrs. Millard Starnes of Scott Company visited friends here Thursday. Mrs. Starnes was formerly Miss Mary Porter Bales of Ewing and a teacher in L. C. I.

W. P. Breeding of the Union National Bank in Knoxville is at home on a two weeks vacation.

Mr. and Mrs. Williamson and daughter of Pineville and Mr. Bays of Hubbard Springs were guests of Mr. and Mrs. W. C. Fugate Thursday.

Mrs. Vester Thompson, Sr. has been quite ill for a few days.

B. T. Blessing and C. B. Richmond made a trip to the Sand Cave Thursday.

Snyder Harris is spending a few days with relatives at Jonesville.

Mrs. C. N. Chadwell and infant daughter of Kaylor and Beuna Estep of Middlesboro visited Mrs. W. F. Rowlett Wednesday night.

Mr. and Mrs. John Welch have returned to Rhoda where Mr. Welch is employed.

J. S. Whitaker was a business visitor from Cumberland Gap Friday.

Misses Willa Mae and Georgia Hoskins visited friends here Friday.

Joe, the small son of W. E. Bledsoe, broke his arm Wednesday when he fell from a horse. The fracture was treated by Dr. E. E. Rose.

GIBSON STATION

Miss Lizzie Brooks has gone to attend school at East Radford.

Several farmers shipped sheep from Rose Hill Thursday.

Mr. Ellenburg died last week in Knoxville. He married Miss Laura Ely of Rose Hill about tko years ago.

Mr. Brooks, Caylor merchant, is building a new residence near his store.

Mrs. S. M. Taylor and Mrs. Nathan Mergan visited Mrs. Schultz Gibson in Middlesboro last week.

Mary Vivian Haines is with a camping party in Georgia for the month of June.

Mrs. Pansy Stanley is on the sick list.

Mrs. Maynard Wheeler's homefolks from Hubbard spent Sunday with her.

BALKAN NOTES

Douglas, pastor.

RADIO STATION IN KNOXVILLE CHURCH

Memorial Gift Makes Possible Broadcasting of Dr. F. F. Brown's Sermons.

KNOXVILLE, June 21. — Radio broadcasting station with a sending power of 500 miles, a gift by Mrs. J. B. Jones as a memorial to her mother, Mrs. James S. Hall, will be installed at the First Baptist church at the completion of the new building; it has been announced by the pastor, Dr. Fred F. Brown.

Musical programs, sermons and other services of the church will be sent out over the station, Dr. Brown stated. It will be the special object of the church to reach hospitals and shut-in people in Knoxville and East Tennessee, and special programs for these people will be arranged, the pastor said.

The different Sunday school classes of the church will provide for the purchase of receiving sets, which will be placed in the hospitals and other institutions where numbers of people stay.

Special effort will be made to give prisoners in the Knox county jail opportunity to hear the church services and a number of sets will be installed in the cells of the jail, it was stated.

Plans for the installation of the radio station are said to place the microphone in the pulpit the aerial wire running over the roof of the building, with the transmitting station in the belfry.

It is said by the church authorities of the First church that when the broadcasting station is installed that it will be one of the first in this section of the United States over which religious services of a church are broadcast.

CHRISTIANS OF WORLD TO MEET

Crown Prince of Sweden Named As Chairman of International Meeting at Stockholm.

By Associated Press.

STOCKHOLM, June 21. — The crown of Sweden has been named chairman of the Swedish committee which is preparing to entertain the delegates to the Universal Christian Conference on Life and Work to be held in Stockholm in August, 1925. The conference will be the guests of the Swedish nation.

The purpose of the gathering is declared to be an attempt to concentrate thought on the mind of Christ as revealed in the Bible toward the great social, industrial and international questions prominent in post-war civilization.

Dr. Arthur J. Brown of New York; the Archbishop of Canterbury; the Archbishop of Upsala and the Oecumenical Patriarch of Constantinople are joints presidents of the international committee which is arranging for the conference.

The European section at Stockholm will have 175 delegates; the British section 135, the American section 150 and the Eastern section 85. Allied organizations such as the Y. M. C. A., Y.W. C. A., Evangelical Alliance, Student Christain Movement, International Missions Committee, the Salvation Army, and Christain Endeavor movement will each have a representative.

TELLS WORK OF SUNDAY SCHOOLS

Secretary Landes Makes Interesting Report at International Meeting at Glasgow.

Associated Press.

GLASGOW, June 21.—In presenting his report to the Ninth Convention of the World's Sunday School Association yesterday, Dr. W. G. Landes, of New York, general secretary, reviewed the work of the association since the Tokio convention of 1920.

That convention established without question he said, the value of the organized Sunday school work as an efficient factor in the great world-wide missionary program. It brought the Association into a new position of influence and strength. Those who participated in the various tours during the past four years found open doors on every hand and a readiness to learn of the methods employed in promoting the Sunday school as an evangelizing agency.

As a result of this awakened interest new National Associations have been organized in Ceylon, Burma, Czechoslovakia, Hungary, Austria, Spain, Portugal and Chile. Cooperating committees have been formed in North Africa, Constantinople, Rumania and Jugoslavia.

The Japanese National Sunday School Association, Dr. Landes said, has steadily grown in constructive influence and is now recognized as an important factor in the educational life of that nation. Recently the Tokio authorities had requested the assistance of the National Association to furnish a regular period of Christian teaching in all the primary public schools of that city.

At no period in the history of the Association had there been such close personal contact with the fields and to study needs and hold helpful conferences as in the past four years.

Groups studying Holy Topic have visited remote fields and inspirational meetings had been held at all stops.

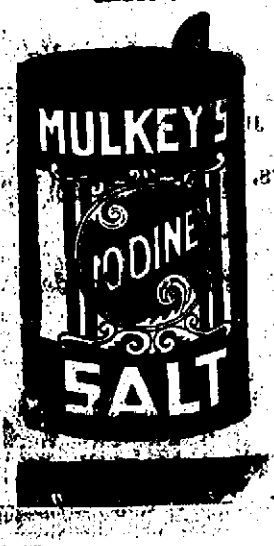
FOR THE PREVENTION OF SIMPLE GOITER

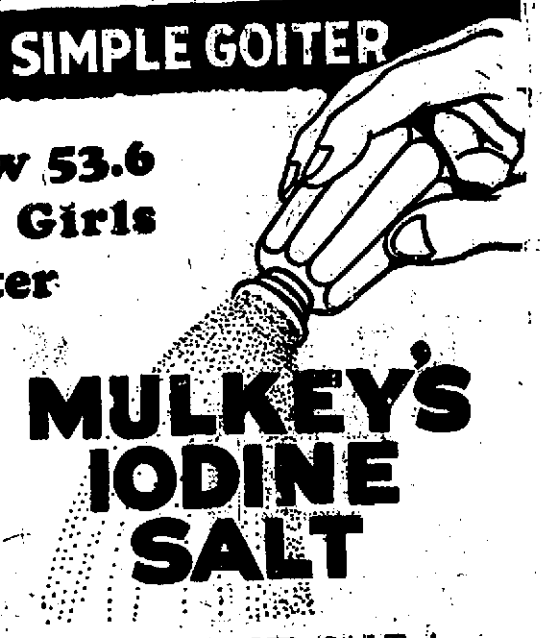
Official Figures Show 53.6 per cent of School Girls Have Simple Goiter

That's the startling result of a survey made during the past two years in several counties of the southern states. Statistics from other sections of the country show similar conditions. Wherever the plant life and water fail to provide a sufficient supply of Iodine, Goiter is sure to be prevalent.

The medical profession is now concerned more than ever before in the prevention of Goiter. And out of all the discussions that have been held, the surveys, experimental work, study and investigation, has developed the wonderfully simple idea that endemic Goiter (enlargement of the thyroid gland, due to a deficiency of Iodine) can be treated and prevented most effectively by the use of Table Salt to which a definite amount of IODINE has been added.

For the benefit of the public health we were requested by medical authorities to produce such a Salt for general distribution.





MULKEY'S IODINE SALT is our compliance with that request. This is our regular high grade Table Salt. The small quantity of Iodine put in it does not change the appearance or taste and it is to be used on the table and for cooking just like ordinary Salt.

Ask your Grocer for MULKEY'S IODINE SALT. Begin using it today. And tell your friends about it. That will be doing them a favor. Physicians everywhere are urging families to use this prophylactic treatment for Goiter prevention. It has been referred to as the greatest public health measure instituted by the medical profession in recent years.

Interesting statistics on Goiter in our Free Pamphlet. Write for a copy today.

Announce Engagement
Miss Mary E. Goforth

Mr. and Mrs. George Goforth of Cumberland Gap announce the engagement and approaching marriage of their daughter, Mary Elizabeth to Mr. H. Tyler Johnson, the wedding to take place June 29.

—:—

Hostess to Thimble Club.

Miss Lina Rennebaum and Mrs. W. K. Evans were hostesses to the Thimble club this week. Those present were; Miss Rennebaum, Mrs. Evans, Mrs. H. H. Sprague, Mrs. George Veal, Mrs. W. B. Fugate, Mrs. F. D. Hart, Jr., Mrs. Ida Scott, Mrs. W. R. Pool, and Mrs. John Bates.

—:—

Allen-Jenkins Marriage Sunday

Miss Mollie Jenkins of Tazewell, Tenn., and Sam Allen of this city surprised their friends by being married at Cumberland Gap Sunday by Squire R. W. Brooks. They have gone to housekeeping on Twenty-first Street. Mr. Allen is an employee of the Coca-Cola Bottling Co., and has many friends here.

—:—

Entertain Last Night With Picnic At Lake

Misses Josie Krimminger and Mae Clutts entertained with a picnic last night at Fern Lake in honor of Misses Elizabeth and Helen Watson, visitors here from Knoxville. Their other guests were: Misses Louise More, Hazel Hambright, Edyth Hambright, Charline Gagle, Edith Campbell, Minnie Wauga Wester, Virginia Brosheer, Henrietta Davidson, Florence Heaton, Alice Motch, Freda Easton, Nell Buchanan, Jean Callison, Kathryn Callison and Alice Gloster, and Raymond Burkes, Melbourne Sharpe, Albert Clutts, Robert McGinnis, Arthur Griffith, Henry Sewell, Leo Wardrup, Henry Austin, Harry Center, Charles Marion, Dunham Ratston, Jim Dean, Charles Neighbors, John Wallbrecht, William Wallbrecht and Merlin Gagle.

Surprise Shower For Mrs. Cooke

The Ladies' Aid Society of the Christian Church gave a surprise shower for Mrs. C. F. Cooke yesterday afternoon at the home of Mrs. John Chesney. Mrs. Cooke was invited to the Aid meeting at Mrs. Chesney's and did not know it was a shower for her until the gifts were brought in on the tea cart. Each member of the Society brought some remembrance for Mrs. Cooke who has been an active worker in the Christian Church for thirty years and who leaves the first of July, with Mr. Cooke, to make her home in Lexington. Mrs. Chesney's home was attractively decorated in sweet peas and rambler roses. Punch, ice cream and cake were served at the close of the afternoon to the forty women present. Besides the individual gifts to Mrs. Cooke, the Society as a whole gave her a silver cream ladle and sugar spoon.

—:—

Farewell Party For C. E. Cooke.

The Men's Bible Class of the Christian church, gave a social at the church last night which was in the form of a farewell party to Charles E. Cooke, loyal member who soon leaves for Lexington. An interesting feature of the program was the history of the church given by Judge Charles A. Wood, one of the two charter members of the institution now living in Middlesboro. He told of a time when the school closing exercises were held in the church auditorium because it was the "most commodious" one in town. The men presented Mr. Cooke with a handsome pair of cuff links, made of platinum and white gold and bearing the Masonic emblem. Refreshments were served following the program.

July 4th
Will Be Here Soon

Place your orders for your Ice Cream now so that we may have it for you. We are expecting the largest crowd in Middlesborough that was ever here on the 4th, and it will take lots of Ice Cream but we have a capacity of 1,000 Gallons Per Day.

Honeycup Ice Cream Co.

PHONES 66

LOCALS

Mrs. J. J. Lee, Miss Sudie Dills and Miss Ruth Lee left this week to spend the summer in Hendersonville, N. C.

Hutchinson Terry, who has made his home the past two years here with his aunt, Mrs. F. M. Gordon, and has attended school here two years, leaves today to join his father who has moved to Columbus, Miss., from Panama where he had been for a number of years.

E. A. Russell has returned from St. Joseph's Hospital, Louisville, where he recently underwent an operation. He came through the operation splendidly and has almost recovered now from his recent illness.

Miss Jessie Lee Baird of Jellico is spending the week here with her sister, Mrs. E. A. Russell.

Mrs. F. P. Scales is in Lexington this week at the state woman's golf tournament.

W. R. Estep, manager of the district Metropolitan Life Insurance company office, left at noon today for Virginia where he will look over the territory with the object of establishing a branch there.

BOOSTERS TO MEET COXTON TOMORROW

Baseball Game to be Played Here Is Called at Two-Fifteen P. M.

The Middlesboro Boosters are making strenuous preparations for a big victory when they meet the Coxton team on the home field Sunday afternoon. This will be the second game of the season in the inter-city league of this section, the first having been played with Benham last Sunday.

The Coxton boys form the crack baseball team of Harlan county and the Boosters realize that some real speed must be shown if they hope to outscore the visiting lads. The game will be called at 2:15 p. m.

By way of warming up for the big game, the Boosters will play the Climax team at the East End athletic party at o'clock this afternoon. The The West End boys have attached many local scalps to their belt this season and may prove a serious rival to the town team.

ANOTHER TROUPE GYMNASTS HIRED

Last Obtained Fourth of July Attraction Expert Taut Wire Artists

The Delmore Trio, sensational and novel gymnasts, have been hired for an act here on the Fourth of July and will form one of the big outside attractions, according to S. M. Reams, general chairman of the celebration committees.

The gymnasts are expert taut wire artists and will give thrilling exhibitions of their skill on the high thread of steel in Middlesboro. This will be in addition to the La Croix troupe which will be the principal outdoor attraction.

The committee has experienced considerable difficulty in procuring good attractions for the Fourth because the plans for the celebration were not commenced until most of the attractions had been booked. They are fortunate in getting teams like the La Croix troupe and the Delmore Trio.

Manring Theatre Is Cool Place at Night

The Manring Theater, Middlesboro's splendid amusement house, is well equipped for these hot June days and many local people are attending the motion pictures nightly because the theater is the coolest place they can go. Besides electric fans, the theater has a new cooling system by which the air throughout the house is completely changed every three minutes.

Special picture programs are planned for next Thursday and Friday, during the golf tournament. The Volunteer Five orchestra from Knoxville will play at the theater each night before going to the hotel to play for the dance. Thursday night "Three Wise Fools," featuring Claude Gillenwater will show and Friday night Richard Barthelmess will play in "Fighting Blade."

SMOTHERING SPELLS

Lady Says She Suffered from a Burning Sensation, Headache, Dizziness, Until She Took Black-Draught.

Signal, Miss.—"For a year or longer I had indigestion, and had it bad," says Mrs. E. S. Holman, of this place "Everything I ate hurt me. I would have burning in my stomach and smothering spells, and after meals feel right dizzy. My head would begin to ache, and I would want to lie down, but felt I couldn't for I would smother.

"Unless one has had such trouble, they don't know what it is. I was talking to a neighbor one day and told her how I had been affected. She told me it was indigestion and to try Black-Draught, which I did. I took a few large doses and then a pinch after meals, and for fully four months now I haven't had indigestion. I eat whatever I please and when I please, but keep up the Black-Draught—just an occasional dose."

When you have a feeling of discomfort after meals, try the suggestion above. Thousands of people have found that Black-Draught promotes relief in indigestion by stimulating the liver and stomach to perform their normal functions.

Insist on Thedford's, the only genuine. Sold everywhere. NC-153
